## SHRM: Role of State Councils

The Society for Human Resource Management (SHRM) is the world's largest association devoted to serving the needs of HR professionals and advancing the interests of the HR profession. Founded in 1948, SHRM has more than 250,000 members in 140 countries and more than 575 affiliated chapters. Visit [www.shrm.org](http://www.shrm.org).

The Society for Human Resource Management (SHRM)'s State Councils provide HR professionals with programs, published materials, conferences and more. They also serve as "entry points" for HR professionals new to a particular state or for those in an area not covered by a local chapter.

### Alaska SHRM State Council

The Alaska State Council currently serves over 850 human resources professionals throughout Alaska. Being an HR professional in the largest state in the United States can have some unique challenges and we strive to provide a network in which our members can engage with resources and fellow HR professionals throughout the state.

### Who We Serve

We currently support four professional chapters (Anchorage, Northern Alaska, Mat-Su Valley, and Southeast Alaska) and the Wayland

Baptist University Student Chapter as well as all of the SHRM at-large members living and working in locations not represented by a SHRM Chapter.

### Our Purpose

The Alaska SHRM State Council promotes the purposes of SHRM by providing a structure for SHRM members in the State of Alaska to consult together concerning the affairs, needs, activities, needs and problems of SHRM in the State and to adopt programs that will promote the progress and welfare of SHRM and the HR profession as a whole.

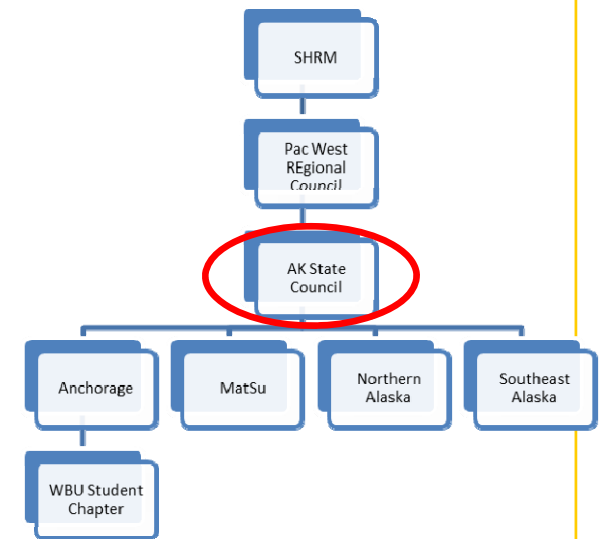

### Our Mission

The Mission of the Alaska State Council is to be a strategic partner with individuals, businesses, community organizations, SHRM and NHRMA in order to encourage the advancement and knowledge of dedicated human resources professionals by providing communication and professional development resources throughout Alaska.

### NHRMA (Northwest HR Management Association)

NHRMA provides professional development opportunities for HR professionals and students in the states of AK, OR and WA who are members in good standing with SHRM. The AK State Council is pleased to work with NHRMA to provide additional education, recognition and scholarship opportunities to those in our state. [www.nhrma.org](http://www.nhrma.org)

### State Council and SHRM Structure

As an affiliate of the Society for Human Resource Management, the Alaska State Council represents the interests of Alaska members. The Council Director serves as the Alaska representative on SHRM's Pacific West Regional Council, a body that serves as our liaison with SHRM.

The Board of Directors includes each Chapter President, along with various Core Leadership Areas and Committee Directors representing communities around Alaska.
