New Member Only Benefit – Career Resources: Why should I visit the Career Resources pages? The Career Resources were designed to provide you with resources to help you navigate and grow within your HR career. SHRM will continuously update these resources with new content and tools to help you in your HR career journey.

What is offered in the Career Resources pages?

The Career Resources consist of five pages: Accelerate Your Career, Career Preparation & Planning, SHRM Competency Model, Your Professional Development, and Career Expert Insights. SHRM members also have access to three new interactive tools on the Your Professional Development page: Competency Self-assessment (CSA), Development Activity Wizard (DAW), and the Competency Development Plan (CDP). Find this on the Learning & Career tab on www.shrm.org.

SHRM'S new member-only career resources can help fast-track your HR career development with easy-to-use tools that assess your HR skills and competencies and guide you toward further training and development in three easy steps:

- 1** Take the Competency Self-Assessment (CSA) to identify your competency strengths and developmental needs.
- 2** Use the Development Activity Wizard to get tailored learning and development activity recommendations to help build your HR expertise and competency proficiency.
- 3** Create a Competency Development Plan to outline your personalized strategy for putting your development goals into action.

“SHRM makes me better at what I do, allows me opportunities to network with amazing HR professionals worldwide, and has supercharged my HR career.”
— Kelly Marshall, SHRM-SCP

SHRM members who are SHRM-CP or SHRM-SCP certified will receive **one PDC per year** for completing the CSA.
